### New story from the '50's

I received a really cool story from Jim Kashishian along with photos from the '50's.

Jim now lives in Madrid, Spain and is still very involved in music. He says, "Please visit my site, [www.kashprod.com](http://www.kashprod.com) and click on the English flag for the English version to find out more about me than one probably really needs to know. Visit the Jazz Band Calendar (Canal Street) on the site if you plan a visit to Madrid, so you can drop by where I am playing and say hello."

The story is only available to registered users, so if you aren't registered, do it now!! Just reading this story is worth the effort!!
